

Lift here
&
Enjoy

To impress your valentine,
get off your little tussie,
and do something special,
that is sweet and mushy!

Add water to the potion,
and stir in your true love.
Add extra kisses and give,
to the one you're thinking of.

And then if you should hear,
"Please come share with me,"
this could be your valentine,
the one and only meant to be!
